**JOINT STATUS REPORT AND CLAIM
CONSTRUCTION CHART**

Case No. 2:19-cv-00796-BSJ

District Judge Bruce S. Jenkins

JURY DEMANDED

In accordance with the Scheduling Order in the above captioned action and this Judicial District's Local Patent Rules, Plaintiffs Crystal Lagoons U.S. Corp. and Crystal Lagoons Technologies Inc. ("Crystal Lagoons") and Defendant Cloward H2O LLC ("Cloward"), set forth their Joint Status Report and Claim Construction Chart with respect to the asserted claims of United States Patent Nos. 8,062,514 (the "'514 Patent"), 8,753,520 (the "'520 Patent"), and 9,708,822 (the "'822 Patent") (collectively the "patents-in-suit") to be construed by the Court during the Claim Construction Hearing presently set for July 26, 2021, at 10:00 a.m., or as soon thereafter as the Court can accommodate the hearing.

Claim Constructions

Exhibit A lists each claim term and each party's respective proposed construction.

Nature and Form of the Claim Construction Hearing

The parties anticipate that one full court day will be necessary for the Claim Construction Hearing. The parties would prefer, pursuant to Phase 2 of this Court's Resumption of In-Person Court Proceedings, that the hearing take place in person. The parties would recommend that the hearing proceed on a term-by-term basis, with each party presenting argument on each disputed claim term or phrase before moving on to the next term or phrase. Both parties anticipate making arguments using multimedia presentations and request that appropriate connections to court audiovisual resources be provided.

Prehearing Conference

The parties do not believe that a prehearing conference is necessary but will appear at any such conference ordered by the Court.
